AN AMAZING BOOK.....

By Angela D

"A gifted copy was provided by the author for an honest review."

Arianna Moore is one half part of the female rock duo The Daughters of Darkness, the other half consist of her best friend Jayde Kimberland. The two met within the foster care system, Arianna and her twin sister Ashleigh were abandoned as babies, Jayde's parents were killed in a car crash when she was two. Lucky for the three of them they ended up in a really great home with an amazing loving mother figure. They stayed until they aged out the system and found an apartment together.

Arianna suffered a tragedy in her life that would forever change her life completely, she has built walls around her heart and she keeps herself guarded. Her only saving grace has been her music.

While the duo are performing at The Underground a local bar in there hometown, the two are offered an

opportunity of a lifetime to tour as an opening act for the big name rock band, From Yesterday. Let me mention the lead singer is Bryden Rowe, none other than the same man Arianna had an encounter with in the ladies room. Arianna did not know who he was at first, she discovers his true identity from Jayde when she catches them together in the ladies room.

"I told you that wasn't the last night you would see me."

Bryden Rowe has a reputation in the music industry as a bad boy, only those close to him know the real Bryden, his band mates Cash and Riley. He's been burned in the past and grew up in a broken home, like Arianna music was there for him. I loved Bryden he's not your typical rock star ass.

When the tour begins Arianna finds herself falling for the bad boy Bryden, she knows deep down she shouldn't but something about him draws her to him. Bryden himself also seems drawn to Arianna he knows all about her walls, he wants to break them down one by one, he knows her heart is shattered into a million pieces and wants to be the one to piece it back together.

"If I had a choice I would never give up on her. She is the air I need to breathe and the only person who has made me feel alive."

Will Arianna let Bryden into her heart? Will she revert back to her old ways and destroy not only her dreams but Jayde's in the process?

Can Arianna help heal Bryden's heart? Will two broken souls find solace in one another?

Not only is this book beautifully written and told, there are secondary character's you will fall in love with and want more of.

I loved the story of Arianna and Bryden, and I look forward to Jayde's because let me tell you with that little preview we are given in the back of this book, I can assure you it's going to be a bumpy ride.

"You have to endure the storm to see the rainbow."

Mature Reader Only) I loved this book and this is not my usual genre

I loved this book and this is not my usual genre. I can not wait to start reading the next one. Arianna is part of the rock duo The Daughters of Darkness and she hasn't had a easy life. She grew up in the foster system and her life hasn't gotten any easier the older she has gotten. One night while The Daughters of Darkness are playing at a club she meets Bryden, he is absolutely gorgeous and she wants him as badly as he wants her. After the show her manager comes to them with the offer of going on tour and opening for From Yesterday, a major rock group and she can hardly contain her excitement, until she walks in to meet them and sees Bryden sitting there. Turns out Bryden is the lead singer for From Yesterday and she can't help but wonder if The Daughters of Darkness got this opportunity because of their talent or because Bryden wants a bed-buddy

for the tour. She is determined that she will not fall for him, that he is just another rock star playboy and she refuses to be just another notch on his belt. Bryden loves how sassy Arianna is and how she's not afraid to speak her mind. He wants to be with her but can he show her he is not the man whose that everybody thinks he is and that he only wants to be with her? Can he break through the walls that she has built around her heart?
