Predictable, but sweet...

By Portia de Moncur

This book doesn't have much of a plot. Basically, boy loves boy, boy gets boy, boy loses boy, boy pulls his head out his ass, boys live happily ever after. Fortunately, the writing is so good, and the scenes so sensuous, I found myself not caring a lick.

If you are looking for a deep, angst-y romance, don't look here. If you want a quick, hot read definitely check out Best Friends.

Malcolm and Carrick have been best friends since they were kids who work together at the precinct. One night, after an unsuccessful night of looking for "true love in a crummy hotel bar" get down and dirty with each other. The following morning Carrick has a minor freak out about it while Malcolm really wants to try being with each other. Carrick isn't worried about himself so much as he's concerned with what others will say and think.

I felt so awful for Malcolm. Maybe he has been playing straight for years but he's always been touchy with Carrick and has always told him "I love you", although it wasn't taken in a romantic way. Now, when he feels he really can be open and say it, Carrick wants to hide. "God, you must have thought I was a f*** sap this whole time." Nothing hurts worse than being someone's dirty little secret when you profess your love. Even as Carrick admits to himself what a coward he is, he doesn't do anything to make it better.

When the two are able to awkwardly bridge the chasm that has opened up between them, they try to go back to their straight guy friendship and actions but now Carrick can't deal with that either. It's a difficult thing for both of them.

It's a very quick and easy read, despite the inner turmoil of Carrick. I enjoyed the guys together and the ending is sweet.
