Perfect for my 8 year old

By All#4

My 8 year old really enjoyed it. We read a story together until it ended then he went back and read it several more times using different choices. I liked that the stories are fairly short so he doesn't get bored with it. Anything that keeps him interested in reading is a plus in my book. He came across one or two other Minecraft choose your own adventure type books so I got those for him as well.
