COME UNDONE (WE KINKY THREE BOOK 3) BY KIRA BARKER PDF

Sometimes, the one thing you can't have is the only thing you want.

That is exactly how Erin Slater has been feeling for a while—on so many levels. Sidelined in her career as a trauma surgeon; no longer welcome in her father's home; being just Simon's submissive, not the love of his life. What started out as her journey of self-discovery is looking more bleak now that the honeymoon phase is over and reality has come crashing in. That things between Jack and Simon seem to be smoothing out is the high note of her life right now—and that is, by far, not enough.

But she is willing to fight for what she wants—and she wants so much more. But when she gets it—will she be able to deal with it?

Dive into this vivid erotic romance full of friendship, lust, love, bondage, dominance, and submission. Intended for mature audiences.

An honest depiction

By K

This book shows how real relationships (kink or vanilla) work. They're messy, but it's how the people in them cope and communicate that matters. At times I definitely found some of the characters personalities and actions to be over the top, but I'd still recommend this series.

I'm all undone and i want the next book!!!!

By joywon

Well.....This third book leaves a lot of us undone! Now that we are getting down to the nitty gritty of trying to see how Kira can make this trio work in a real world way and not just a good fantasy.....it's getting tougher all around. There are times, many in fact that I think Simon is an ass and Erin is just too stressed to keep her head in the game. The long hours of balancing work in the ER, and a private practice, with her

personal life is taking its toll on her reserves. She is in fact coming undone. While Simon has the luxury of working from home and setting his own hours it seems he is failing badly at the "loving care" part of what he promised Erin in their arrangement. He comes and goes as he pleases, with whom he pleases without a thought to common courtesies or of keeping her in the loop. I'd kick his handsome ass in a heartbeat. Jack is supportive and loving when he isn't shaking in his boots trying to please Simon but he heads out the minute things get stressed. Just once I would like him to stand up for Erin. It's easy to see that Jack and Erin both love Simon..... it's true, but I wonder if Simon loves any one but himself. He is truly the dominant one and being bi that leaves him pretty much in the driver's seat with both of them. As such he needs to be more responsible for their relationships. I am so angry at him for not standing up for Erin when the neighborhood bitches ganged up on her. He just took their word for what happened. He is so ready to berate her over many things. I truly think that loving someone means that you have their back thick and thin. You may not agree with how they acted but you can still be there for them. Actually I loved how this book ended.....WOW! Real world time people. Everybody better wake up, and grow up if this is going to work. I think that suddenly our trio will understand that you either grow together or you grow apart.

Frustratingly brilliant!

By janosch73

There are one kind of five-star books and another kind of five-star books. Come Undone is both of these. A book I had to read in one sitting and a book I'm rereading already because I'm sure I missed something in my hurry to get to its end. And what an end it was.

Kira's writing is still top-notch and to the point. At times while reading I was thinking of how can she come up with a sentence like that because the writing is brilliant but at other times I was just too flabbergasted and thought: Did he really say that? Or did she really say that? Her characters speak to each other but they really don't hear or listen to each other. And that fact made this book really frustrating and the least favourite one of mine in the series that I truly love. But it still earns its five stars.

The characters started to drive me crazy and I didn't like all the twists in the plot but I believe that they might have been necessary for the whole story of this trio. It was hard to read about the narrow-mindedness of people and their reaction to Erin, Jack and Simon as a trio, in- or excluding Erin. Or how Erin was willing to do everything possible just to shine in Simon's eyes and for him to love her. But then again, that was what makes this book and the entire series so real. Life is not always a bed of roses and amazing sex is not always enough. At times I was thinking if the book is even too real, each character too egoistical because they started to lose the unity they were, if they ever even were one. Was there really love between them? How do they show it? Was there enough of Jack to whom I have my puppy love?

Luckily there is some laughter in Come Undone that helped with dealing with the frustrating characters that Kira really likes to put through an emotional meat grinder. As always in Kira's books there were some really hot sex scenes, good banter and emotional turmoil. Those I'd already call her trademarks as an excellent writer.

I know the story of my favourite three is coming to its end on February 9th and already I feel the sadness but also the excitement about seeing how their story will unwrap. It's only 105 days from today. It's time for me to test my patience, again. ;)
