CRITICAL REASONING: A PRACTICAL INTRODUCTION BY ANNE THOMSON PDF

We all engage in the process of reasoning, but we do not always pay attention to whether we are doing it well. This book offers students the opportunity to practise reasoning in a clear-headed and critical way, with the aims of developing an awareness of the importance of reasoning well, and of improving the reader's skill in analysing and evaluating arguments. In this second edition of the highly successful *Critical Reasoning: A Practical Introduction*, Ann Thomson has updated and revised the book to include new and topical examples which will guide students through the processes of critical reasoning in a clear and engaging way.

Book

By RAM Harris

Nice book. Wish you did not have a number of words limit, but I will be using this for my course.

6 of 7 people found the following review helpful.

Great book for cultivating analytical skills

By Kiki Musmurati

This book is great for anyone who wants to develop analytical skills. Additionally, it's a good book for those who want to prepare for LSAT (logical reasoning) and write essays (whether GRE or LSAT)

I would highly recommend this book to anyone who is interested in improving critical reasoning skills.

11 of 14 people found the following review helpful.

Excellent Critical Thinking Text

By A Customer

This is an excellent text for learning critical thinking. The book as a whole is well organized and very clear, and each chapter contains numerous well-designed exercises. Many of the exercises are taken from the arguments section of the Law School Admissions Test, so if you are planning to take the LSAT, this would make an excellent prep book.
