Hard copy good, digital copy horribly formatted.

By Gslug

Hard copy is excellent, digital copy is horribly formatted.

Have not dived into this book academically but soon will, did not want to to degrade its review (stars) but upon reviewing the digital copy (7 day kindle trial), and noticed the formatting its HORRIBLE. Its not a 1 to 1 translation, but a butchered book were a single image takes up a whole page, a few paragraphs on single page etc.

Save your money and do not buy the digital version.
