Review

“This caregiving manual is filled with love and kindness toward little ones. The emphasis on teacher awareness and implementation of opportunities to enhance intimacy is beautifully emphasized by the authors. Their caring ways and attitudes shine through the words.”

—Alice Sterling Honig, PhD, Professor Emerita of Child Development, Syracuse University

About the Author

Fran Hast and Ann Hollyfield met at the Palo Alto Infant-Toddler Center in Palo Alto, CA. The center is part of Palo Alto Community Child Care, a private, non-profit organization that provides funds and subsidies to 15 child care programs throughout the city. In their roles as Teaching Director and Head Teacher, Hast and Hollyfield hope to share their belief in the joy of caring interactions with infant and toddlers. Fran Hast has a B.A. in Psychology from the University of Miami in Ohio. Ann Hollyfield has a B.S. in Elementary Education from the Oregon College of Education.

The special joy of caring for infants and toddlers is the chance to experience the world through their eyes. As caregivers who work with very young children, we are continually reminded what its like not to take the world for granted and not to assume we know how things work or whats going to happen next. We know infants and toddlers are learners in their own right, and they in turn continually teach us.

So, simply with net link, you can take pleasure in downloading this publication *Infant And Toddler Experiences By Fran Hast, Ann Hollyfield* and also varieties of publications that are searched for now. By going to the web link page download that we have actually offered, the book *Infant And Toddler Experiences By Fran Hast, Ann Hollyfield* that you refer a lot can be discovered. Simply save the requested book downloaded and afterwards you can appreciate guide to read every time and place you want.

INFANT AND TODDLER EXPERIENCES BY FRAN HAST, ANN HOLLYFIELD PDF

What's the difference between an activity and an experience?
One is meant to pass the time, the other to last a lifetime.

Make the most of your interactions with young children with experiences that allow infants and toddlers to figure out how something works on their own. This book describes a process of learning that involves repeated interaction with and exploration of a caring environment, which builds trust between children and you. Each experience offers children the chance to choose their own approaches to tasks that promote their development.

Focusing on the “Three Cs”—curiosity, connection, and coordination—each experience is described simply and includes a list of materials that are needed and tips to keep in mind. In addition, each experience includes specific strategies to help you promote the healthiest development in infants and toddlers.

Wise Perspective

By Kate in New York

Based around activities appropriate for babies and toddlers written by founders of a childcare center in Palo Alto, CA.

There is an emphasis on helping very young children resolve conflict and facilitating their physical and cognitive development. Illustrative of the wisdom of this text are the sections of Chapter 2: Being with Babies: Strategies for Caring for Infants and Toddlers. These include Anticipating Transitions, Unusual Events and Changes in Routine; Helping Children Articulate Their Needs and Wants; Offering Real Choices; Setting Consistent Limits.

While geared to those working in childcare centers, the book might interest parents as well.
