Will their love survive?

By Ap2514

After falling for Alexander and Alexia in book one, I suspected that things may take a turn for the worse in the second book. After all who's going to read a series where everyone is always happy-go-lucky and in love without any of the drama?

However, this book did not go quite as I expected. While in Dubai, to check on the status of one of his hotels, Alexander and Alexia are forced to deal with some issues from their pasts. As more details of Alexander's sordid history comes to the forefront Alexia starts to doubt her place in his world, not that I blame her. How can this handsome, wealthy, playboy ever really settle down? As these fears continue to weigh on Alexia, Alexander begins to show a pattern of possessive and domineering behavior.

When they return to Zurich, Alexia's worst fears are confirmed when she finds Alexander in a compromising position with a woman from his past. Will these two be able to work past their issues and find love with one another? At this point I'm not so sure.

Thank goodness I already have the third book so I can jump right back into their story and get some answers:)

Really Good Series

By Susan D

This book is much more emotional and intense than the first one, but I have really enjoyed reading both of them. There were many times in this book that Alexander was a little too possessive and too jealous for me, but then he would make up for it later. He definitely has some secrets that are giving him issues, but the question is, does he really love Alexia? Alexia is having lots of trouble trusting Alexander, and having confidence in their relationship. Now let me tell you, Sharlyn G. Branson really knows how to write some scorching, sizzling, hot sex scenes. They definitely don't have any issues there. Warning: This book does

have a really big cliffhanger. I want to quickly get started reading the next book to see what happens next. I received this book from the author in return for an honest review.

Love it

5 Heart Pounding Stars

In this book we see more of Alexia insecurities in the relationship with Alexander. Alex past is coming back to bite him in the butt when Alexia are asking him questions he knew that would hurt her. I can see that Alexander really loves her and he is doing his best to show her. Oh, I so dislike Vanessa by the way. Another cliffhanger. Now I have to find out what's going on. Will their love survive or will it be over for Alexia and Alexander? I can't wait to read the next book.

“Alexia, be more responsible and check your cell from now on.” He sounded like my father, which made me roll my eyes.”

“God, how soft your lips are. You’re so sweet. What have you done to me, Alexia? I’m losing myself in you,” he whispered, his lips touching mine. “I want you forever. I want you to be mine. Just mine.”

“You make me want you all the time, Alexia. No other woman has had such power over me. And you must remember this once and for all.”

“I hear every word, baby. It’s you who’s not hearing me. You are made for me. Just for me. I’ve finally met the woman of my life and I want to be with her, with YOU.”

Francesco took a step toward me, hugged me, and we were about to give each other pecks on the cheeks when Alexander grabbed me by the waist and pulled me toward him in a gesture of possession. He was showing a sense of property toward me, keeping me only for himself and preventing any man from touching me. He’d managed to drill that into me already. I hadn’t met a more jealous man in my life.

“We have to talk,” he said in a quiet and seemingly calm voice.

ARC/R2R received for my honest review.
