Was This Man the World's Most Notorious Lady Killer?

--> Everything Your English Teacher Did NOT Want You to Know About Lord Byron, One of the Most Infamous Bad Boys of History

You might be familiar with the name Lord George Gordon Byron by way of his poetry, still taught in some English Literature classes. He IS known as one of history's famous authors, writers and poets. But what you might not be familiar with are his notorious exploits with women, exploits that might just make him the "baddest boy in history." Many women said, "I know he is bad for me" before they pursued him with great lust. Lord Byron was the ultimate Lady Killer.

Lord Byron was so bad (and so good with women) that another notorious womanizer, John F. Kennedy, studied Lord Byron and patterned himself after him so he could have as many adventures as he wanted with as many women as he pleased.

If you are a man interested in attracting women, and keeping them attracted, you simply must study those things your English teacher did NOT want you to know about Lord Byron (much more than Byron as an author, poet or writer). He had an almost magnetic hold over women (who knew he was "bad for me"), so intense that many noble women threatened suicide when Byron grew bored of them, as he often did. What's more remarkable was Byron was no "devil in disguise"... his reputation preceded him, and he openly warned women about his bad boy ways, yet the only thing that did was make them want him all the more.

My name is John Alanis, and for the past 8 years I have given all kinds of different men dating advice on how to attract the women they really want, no matter their looks, age, income, social status or past failures with women. One thing I recommend, that few men follow is studying past great lovers of women, a series of bad boys of history if you will.

Human nature is unchanging, and the male behaviors that worked to attract women hundreds of years ago work even better today. Lord Byron was a master of attraction, despite his physical deficiencies. He was tall, pale, painfully thin, and had a club foot, yet women found him irresistible. Obviously this had nothing to do with looks and everything to do with behavior, and on that basis, he's worth reading about.

Here's good news: I have just published a book that reveals, in detail, how Lord Byron seduced so many women, and how you can use his secrets and behaviors to attract the women you really want, even that special one in this day and age. What's remarkable is how well what Lord Byron did works in today's world... you must be careful not to attract too many women too fast with his attraction secrets OR attract the wrong woman, like Byron was wont to do..

This book is a part of the Bad Boys of Romance History Biographies & Memoirs Seduction Series, the #1 seduction series every man should own. It is probably the most controversial book of the set, especially when you read about how Byron crafted his reputation to be attractive to women before he even met them (this is very devious)

All you have to do is click the orange button above and Lord Byron's seduction secrets are yours forever

Oh, and if you don't own a Kindle, no worries. Amazon will give you free Kindle reader when you go to:

A book for all seasons

By COUZAKA

Lord Byron tapped into the woman 's desire market by understanding clearly that settling into marriage, women tend to become, in the long run, if not in the short one, sexually frustrated, for desire always die in marriage. Lord Byron gives us the insight to go after women, especially the married ones .That is the great merit of that book. This book is for both married and single men.

Good

By Kenneth Earley

This book was a good look into the poets life and loves. Quick read. Well worth your time to read.
