An interesting dip into the lake known as Grindr

By Daniel Paul D'Aniello

This was an insightful look into Grindr and the tremendous impact the app is having on gay culture. I read this book because I was brainstorming a book topic of my own and found it to be rewarding and insightful.

Ok read

By Mikey Goodmark

Mostly tech talk and stories. While interesting I don't think it explores enough th damage that grindr has done to the gay community and out ability to socialize outside of the app.

HIGHLY RECOMMENDED!!

By Michael Tsapatsaris

Well researched, phenomenally argued. Woo's text is a seminal study of the most important technological advancement for queer men ever, Grindr. **HIGHLY RECOMMENDED!!!**
