**I WAS HIGHLY IRRITATED AND DISAPPOINTED**

By Lakisha Rogers

I was highly irritated with the way Barbie was acting in this book...in the first two books she was a smart killer who took no disrespect from no one....Barbie killed Ken Log because he cheated but Nephew cheated, beat on her, got multiple women pregnant (including her best friend) and disrespected her to the fullest yet she let him live...ALSO barbie killed both her "best friends" for disrespecting her yet she let all these other dusty hies get out of pocket with her.....its like Renee wanted to get rid of the charter "Barbie" so she tried to make us hate her by making her do stupid and annoying s\*\*\*...I truly liked...no loved "Barbie" and wish this book would have been wrote better....I loved the first two book but thinking about how I wasted my time on this last book upsets me but what ever, I just will not be reading no more books by Renee

Very disappointed. In the first two books

By Amazon Customer

Very disappointed. In the first two books, Barbie was a smart killer. This book had her looking weak, dependent, sloppy, and dumb. Slow start for the first few chapters, as well. Felt like trying too hard to make Nephew relevant. The only thing I think this book really hit on.... was the twist with the character Bishop.

Barbie is back!

By SavaFiend76

NB fans, this will NOT disappoint you! Actually, this will be a great read for any Mimi Renee fans because KC and Bright show up in this one too. I love how all the storylines weave together! There is really a lot going on in this book but it's all laid out in a clever way. The reader gets to see everything as it unfolds but the characters have to find it out for themselves. Plenty of twists and turns and an ending I definitely didn't expect. Five stars all the way!
