From the Back Cover

"We all have a story to tell, but we often do not take the time to reflect on the lessons we have learned. Tim's memoir will inspire you to see your story with fresh eyes and be motivated to pursue your deepest desires with renewed faith no matter what your career or gifting. Tim so candidly reveals both the 'agony and ecstasy' of risk, leaving us with strength to overcome failure, stay the course, and enjoy the ride! As Tim's pastors for over 30 years, we have watched Tim live his life with integrity, transparency and faithfulness. We highly encourage you to read Risking It and be joyfully challenged to do the same!"

-- Happy and Dianne Leman
Senior Pastors
The Vineyard Church of Central Illinois

"Tim is a master of working spiritual truth into everyday life. In Risking It, Tim does an outstanding job of revealing the profound truth about who God has made us to be and how we should each be investing our lives."

-- C. David Hodge
President and CEO
Litania Sports Group

"Tim's story of success and failure in his own life and through Biblical examples, let us know that in spite of where we are, God still has a plan. Every good story has difficulties and conflicts to overcome. Our failures don't mean we have made an irreconcilable wrong turn. Tim's guidance through this perspective is positive and refreshing. I wholly endorse Tim's efforts to bring this message to men and women

of faith in the business community."

-- Jon Reichard

President

A&R Mechanical Contractors

"In writing Risking It, Tim has again risked it. His transparency in sharing details of his life experiences, successes and challenges, provides the reader with a faithful example of being open to discover how our story can unfold in alignment with God's story, regardless of our vocational calling or geographic position. Throughout this book, Tim's life demonstrates tangible examples of Godly influence exerted within whatever sphere He has us placed."

RISKING IT: AN INTERSECTION OF FAITH & WORK BY TIM HOERR PDF

How does one best integrate faith, personal purpose, career, and willingness to take risks for God's kingdom? This highly personal memoir explores these powerful, spiritual themes through engaging storytelling drawing upon a deep well, the author's own 30 years in the business trenches.

Reaching back to his roots, the story begins with reflections on growing up the son of a lay minister and working in the family landscaping business -- both of which considerably shaped the author's subsequent life choices, including him become a serial entrepreneur. Through a series of progressively risky moves, the author take the reader on a journey of wrestling with some of life's most profound questions:

"How does one discover God's calling and then implement it?"

"How is faith expressed through taking measured risks?"

"What happens when we fail?"

With self-deprecating humor and unflinching transparency, the author shares over three dozen personal tales that illustrate soul-provoking reflections on overcoming failure, building meaningful personal and professional relationships, passionately pursuing purpose, and aligning one's life story with God's far bigger story...

A book for all seasons

By Andrew J Leman

Full of wit and wisdom, success and failure, heartache and joy, *Risking It* is a book for all seasons. Hoerr weaves the narrative of his life through timeless life lessons, usually learned the hard way. The book is extremely readable and Hoerr's stories are engaging, interesting, and fun.

What I found truly wonderful about the text was that Hoerr refuses to play the hero and relish in his many business accomplishments. Rather than that, he writes about the difficulty, stress, and hard work he endured on the road to becoming the person and businessman he felt called to be.

Overall this is a highly inspirational read. It is clear that Hoerr has a deep sense of faith and purpose. It was intriguing to see how he has integrated the realms of faith and business into his life. The book spoke to a deep place in my soul that longs to see this type of integration within my own life. This is one of those books that I plan to reread every couple years to be inspired and to remind myself to keep taking risks.

So you want to take a risk?

By Joseph I. Thomas

So you are thinking of risking it in the world of business? If so, make sure you read *Risking It: An Intersection of Faith and Work*, a memoir by business entrepreneur Tim Hoerr. Author of *Thank God It's Monday! A Toolkit for Aligning Your Lifevision and Your Work*, an older and wiser Tim Hoerr is back to tell us more about the journey that necessitates a life of risk. It is not all good! Perhaps the best parts of the memoir tell us what direction Tim took when he hit bottom in Southern California after a professional life full of success up to that point. Striking out on his own Mr. Hoerr soon learned that the solo journey can be a hard one, as well as a lonely one. As it turned out, business opportunities that seemed sure proved illusionary. How bad did it get? At its worse, Tim contemplated returning to the family lawn care business of his youth. What he did turn to was his faith. Chastened by his experience Tim had many questions for the God of the Bible who promises to prosper those who love him. How was he to understand his monumental failure? How was he to grapple with the humiliation? You must read the book to discover his answers!

If "risk" is a necessary part of the calling for entrepreneurs like Mr. Hoerr, *Risking It* wants to make sure that you don't miss the subtitle. It is his faith in the power of God through Jesus Christ that provides the counterpoint to "risk" in Mr. Hoerr's business life; the security that establishes a firm foundation on which to take risks. After his Southern California experience it is his faith that draws him back to Central Illinois where friends and family welcome his family home. But if you think Mr. Hoerr's return home means a retreat into financial conservatism you are wrong. Using the little left of his family savings, Mr. Hoerr immediately invests in a business opportunity in Champaign-Urbana. This time success is the outcome! Working together now with partners, the rest of *Risking It* is a testimony to lessons learned in Tim's life. The Founder and CEO of Serra Ventures, a venture capitalist firm, Mr. Hoerr follows an investment strategy that takes seriously the role of the startup enterprise in our free market economy but also the values embedded in companies and their products. It is here, Mr. Hoerr writes, that faith and work intersect most poignantly.

Accepting the humbling lessons of his Southern California venture, Mr. Hoerr's *Risking It* is able to add a deeper spiritual and earthly dimension to the sometimes brutal reality of the entrepreneurial life. This makes *Risking It* a must read for anyone who desires a clearer vision of the path before them. Mr. Hoerr is a Sherpa of the best sort-his wisdom and experience will help get you to the top of the mountain.

Risking It Book Review

By B. Smith

Tim weaves an integrated combination of dialog and stories in recounting what made him into a man of God and *Risking It* relates his solid faith along with human connectedness and a goodly dose of honesty and trust. Tim shows those Godly qualities of forgiveness, perseverance, kindness, and humility, doused with an understanding of the need to balance work with pleasure plus the importance of giving away the unlimited resources God has blessed us with and taught us to share. Through Tim's gift of storytelling, *Risking It* inspires the young and the young at heart by illustrating the importance of our connection to our Creator and Savior, and how our professional pursuits should always glorify Him.
