This book is for the person who loves great soups. The international selections and styles are dazzling and most important of all, the recipes really work.

I am in the food business and I use Vava's book to inspire my chefs and R&D team, as well as to surprise my wife, with the soups I make at home thanks to Vava's recipes.

Finally, this book is BEAUTIFUL!!! This is the ideal gift for the foodie in your life.

Thanks Vava, can't wait to see what comes next

Soup's on!

By Live and let live

A fantastic culinary experience! Unlike other famous and not so famous cookbooks I own where many recipes were clearly never tested, I would bet that every single one in this book was actually simmered to perfection. You can't go wrong with this collection, it is a treasure. The author is Parisian which shows in her passion for great food and attention to detail. Do make room on your shelf for this one!
