THE ESSENCE OF WATERCOLOUR BY HAZEL SOAN PDF

Hazel Soan's watercolors have won her international recognition; now she helps less experienced painters master the challenges of this versatile medium. Encouraging budding watercolorists to be bold in their use of color and brushstroke, Soan emphasizes her belief that tone is king. And by showing how mistakes can be incorporated into a composition, she reveals how forgiving watercolor can be. Illustrated with glowing examples of Hazel's own work, this luminous book also features easy-to-follow demonstrations of every technique.

Beautiful and inspiring book

By Parka

[[VIDEOID:moKX0MXUAZHBV]]I've no idea who Hazel Soan is when I bought the book. Now, I'm a fan of her work.

The Essence of Watercolour contains very beautiful and inspiring paintings.

I like her suggestive style, which is to draw just enough and let the mind fill in the rest. Her use of wet on wet for blending colours is masterful and the pastel colours used are a joy to look at. It reminds me of the feeling you get when you watch a beautiful sunset.

Accompanying the paintings are brief but insightful instructions that are easy to try. There are lessons on transparency, layering, experimenting with colours, understanding brushstrokes and other watercolour techniques. Even though the watercolour tips are not unique to this book, it's always interesting to read it from the perspective of different artists.

Highly recommended to watercolour lovers.

Valuable lessons

By music lover

This used book was delivered in very short order. I was anxious to get this book as it was shown to me in class and some of the lessons I needed were detailed in word and pictures. I refer to this book nearly every day. The photos are astounding and the words very clear. A valuable learning tool.

Georgeous!

By EricLeslie

What a beautiful and surprisng book! Hazel Soan's book is just wonderful to look at. I am still working through her Explore pages, in which she gives little projects to work on the chapter subjects: transparency, wet-on-wet, etc., but the book is excellent just for the the examples of the author's works, which are terrific! I love the mixture of London street scenes with African wildlife (elephants, warthogs, sleeping lions), or with quiet gardens in Italy. A great body of work.

I took this book to my watercolor class and showed it to my fellow students and the instructor, who were equally enthusiastic as I was. Hopefully, as I work through the exercises, I will come to love this book even more than I do already!
