THE GOEBBELS DIARIES, 1942-1943. BY JOSEPH GOEBBELS PDF

As one of the window to open the brand-new world, this *The Goebbels Diaries, 1942-1943. By Joseph Goebbels* provides its incredible writing from the writer. Released in among the preferred publishers, this publication *The Goebbels Diaries, 1942-1943. By Joseph Goebbels* turned into one of one of the most wanted books just recently. Actually, the book will certainly not matter if that *The Goebbels Diaries, 1942-1943. By Joseph Goebbels* is a best seller or not. Every book will always offer best sources to get the user all finest.

Review

“There is no reason to question the authenticity of the diaries. Their style is the same as that of Goebbels' earlier books and of the scores of articles he wrote for the weekly *Das Reich* during the war. Though they tell little about the author's personal life, they tell the full story of Germany's transition from almost total victory to total defeat. Nobody could have been better qualified for describing the turning of the brown tide than Goebbels, the No. 1 pen and No. 2 voice of the Third Reich.”—*Christian Science Monitor*

JEKYLL AND HYDE - THE WAR YEARS - VOL 1

By A Customer

I have just completed this book and will soon start on his diary covering 1942 - 1943.

The book took a little getting use to with its style and content. The book itself was not written for publication. He wrote on 30 March 1941 "I have my diaries, twenty fat volumes, deposited in the underground vault of the Reichsbank. They are too valuable to be allowed to fall victim to some air raid. They provide a picture of my entire life and our times. If fate allows me a few years for the task, I intend to edit them for the sake of future generations. They may well be of some interest to the world at large."

There were, regrettably, some interesting events that were not in this book for whatever reasons. The book opens in early 1939 with a few entries and then jumps all the way to October 1939. During this time the

Nazis negotiated a non-aggression treaty with the Soviet Union and the war started with the German successful invasion of Poland. Other notable missing events include the Scandinavia campaign of April 1940 and the defeat of France.

However other events are not missing. The propaganda minister's view of the "phony war" of 1939 - 1940 is recorded here along with the Nazis' impression of the Soviet war with Finland. Goebbels writes about their Italian allies in an insulting manner -- deservedly so -- because of their bumbling military adventures in the Balkans. The book covers the Nazis' invasion of the Balkans and Greece -- mainly to rescue the Italians and the early days of the north African campaign. He almost daily records the war with England and is convinced that with all the ships being sunk and the Luftwaffe constantly pounding England it is only a matter of time before the Germans will win. Another interesting event was when Rudolf Hess, a man he had great respect and admiration for, flew to England and almost instantly became persona non grata. Even more importantly, the book covers the preparation for Adolf Hitler's greatest gamble -- the war with the Soviet Union. The book covers the first few weeks of that adventure before ending in early July 1941.

The book gives an almost daily insight to the German government in the first two years of the war. Goebbels had to walk a tightrope in managing public morale. The Germans wanted peace but also victory. Goebbels had to keep morale high even when times were hard but also had to keep expectations of victory contained when victory seemed so close after the fall of France. The book also shows petty squabbles within the German government -- especially with the Foreign Ministry in general and Foreign Minister Ribbentrop specifically.

I call this Jekyll and Hyde because Goebbels also presents a very human and loving side in this diary. Despite some marital difficulties with his wife, Magda, he shows great affection and respect for her and all but worshipped his children. It is hard to see a man who loves his family so much being such a hateful man when it came to Jews. Most anti-Semites may hate Jews but not to the same level that Goebbels and the rest of Hitler's henchmen would.

The biggest problem I had with the book was the book itself. The seller described the book as being in acceptable condition. If so the seller had a low standard of acceptability. When I unpacked the book parts of the book was already loose and threatening to fall apart. The act of reading the book such as turning pages was almost too much for the book to handle.

Fascinating Insight into the 3rd Reich

By Casan

Goebbels writes well, and the translation is excellent. He gives the reader an excellent understanding of the machinations in the Nazi party. You'll meet all your favorite Nazis -- Goering, Himmler, Heydrich, and Hitler.

You'll also read how Goebbels perceived Roosevelt, Knox, and Churchill.

There wasn't much job security amongst the various big shots. Today you're a hero, tomorrow you will be shot.
