A Book Not to Be Missed

By Jennifer Son

This book is a must read not only for those interested in finding out more about the Middle East and Iran, but also for all those who believe in the ideas of freedom and democracy. Daniel Deleanu's translation, which is made for the first time from the original Farsi, is impeccable, being entirely clear and accurate. Highly recommended!

This man's a real weirdo

By Edward W. Roth

It's really interesting to see how the mind of the Ayatolla Khomeini works. His mind seems to have a fixation with the lower half of the body and the functions thereof. It's nothing short of amazing that this man could end up being the spiritual leader of a fairly large country. No wonder Iran is in so much trouble.

The main defect is that there are no sources for the quotations. How are we to know that the quotations are reliable???
