Remarkable Book Filled with Relationship Ideas.
By Jayzoo33

Chad Stone has created a remarkable book for all women, young and old, whether they are in a relationship or looking for one. The Love Magnet Rules is uplifting and heartwarming, full of information and illuminating stories that help illustrate the 101 tips he presents. (It's also a good book for men.)

I found this book easy to read and quite interesting. It's a wonderful reminder of how we should treat others, especially people we want to be close to—friends, lovers, partners, and spouses. It also offers ways to be kinder to our family and coworkers, covering social do's and don'ts along with effective social media tips. While the topics in the book are geared toward helping us to find (and keep) that special someone we can share our lives with, I also found the tips helpful for me to better myself—and utilize what used to be called “common courtesy.”

I highly recommend this book for everyone, but especially if you're looking to find a relationship or improve the bond with your current partner.

Wise Words for Nurturing a Relationship Not Just Finding a New One

By Gary Ebersole

Chad Stone is right on target even if you are already in a relationship. A great many of his rules are just as effective at keeping the romance alive as they are at finding it in the first place. Treat your partner the same way you would treat someone on a first date and you will always be a love magnet to him or her. Rules to live by to get into a relationship and to stay in one.

'How to go from a "wink" to a date' - the path to meaningful relationships'

By Grady Harp

New Mexico author Chad Stone has participated in, studied, analyzed, and coached relationships. After his first marriage ended in divorce, Stone bravely entered the world of modern dating. He embraced his new single life and began to learn everything he could about dating, relationships, and finding love again. He interviewed single adults of both sexes to get insights about what works and what doesn't work when searching for a romantic partner. He researched online dating, and he helped other single adults write effective online dating profiles. As part of his research, he attended dating events including "speed dating" evenings and dating mixers. His research and personal dating experience became the basis for his humorous memoir, 'Confessions of a Middle-Aged Babe Magnet.' The success of that entertaining book resulted in a book devised for dating advice for women called The Love Magnet Rules: 101 Tips for Meeting, Dating, and Keeping a New Love. The Love Magnet Rules is filled with practical dating and relationship advice including how to mentally prepare for new love, how to maintain a positive attitude during the dating process, and how to keep the passion alive once you've found The One. Chad owns a successful marketing and public relations business in New Mexico.

One of the many reasons Chad's book works so well is his willingness to share his own history of unsuccessful as well as successful relationships; another reason is the fact that this happens to be one of the most carefully studied and written dissections of that enormously popular and consuming topic of social media dating. This led to his Love Magnet Rules: a series of guidelines and advice about men, women, relationships, and love. 'When you follow these rules, you will attract love--just like a magnet attracts steel. If you keep using the Love Magnet Rules (especially those toward the end of the book), the loving relationship you have attracted and created will grow and become stronger.' Those rules are 1 -To be a Love Magnet, you must believe you are a Love Magnet, 2 - Describe your perfect lover, 3 - Stop complaining about your love life. Right now. 4 - Love Magnets are always prepared for conversation and other love-related activities, 5 - Love Magnets don't sit at home all by themselves on Friday night, 6 - Men make the first move, and women encourage them to do so, 7 - Always have your Love Radar activated, and always

check out the possibilities, 8 - Love Magnets look for love in all the right places, 9 - Love Magnets are not afraid to learn new tricks, and on he goes with a total of 101 rules that become more intricate - and success additive as they go.

Chad ends his book with sensitive sage advice; `this is the Golden Rule. There is no better way to honor the man or woman you love than to treat them exactly as you want to be treated. You want to be loved and respected? Then love and respect your partner. You want your lover to treat you with kindness? Then treat him or her with kindness. It's as simple as that. The Golden Rule, "Do unto others as you would have them do unto you," is the single best piece of human relationship advice ever given. It works if you're looking for love, in a loving relationship, or attempting to behave like an enlightened human being. Treat your partner exactly as you want to be treated, and you might just live happily ever after with the love of your dreams.'

There are few books as valuable to successful relationship formation and maintaining than this. Highly recommended - especially for those clicking the keyboard for online love. Grady Harp, July 15
