One of them is this The Scarlet Letter (No Fear) By Nathaniel Hawthorne as your favored book. Getting this book The Scarlet Letter (No Fear) By Nathaniel Hawthorne by on the internet in this site can be recognized now by going to the link web page to download. It will be simple. Why should be below?

From School Library Journal

Grade 9-Up Nathaniel Hawthorne's classic novel of Puritanism giving rise to twisted gender politics, hypocrisy, and strength of character in the face of public scorn is well realized in this reading by Annie Wauters. She gives individual tone and rhythm to each of the main characters, while keeping the passages of narrative relatively uninflected. While this suits the author's own sometimes dry writing, it means that listeners must get to the second hour before the story truly gets underway. Since this lengthy forepart fits almost entirely onto the first disk, and each chapter is clearly marked as to track number on the packaging, it is possible to simply skip ahead rather than give up what becomes a delightfully lively listening experience once the romance gets going. Because the reading adheres so entirely to the print in spirit as well as in word, this is an excellent choice for students who cannot access print or who would like to accomplish college prep reading while undertaking other activities. Sturdy packaging makes this a shelf ready purchase.

Review

The year is 1640. Hester Prynne is a young widow living in the Puritan settlement of Boston. Two years after her arrival in the New World, she has a child. Who is the father of Hester's strange, elf-like child? Was Hester's husband really lost at sea? Is the minister really a miracle of holiness? Is the misshapen old doctor really an agent of evil? As the line between the real and the imaginary blurs, Hawthorne's dark tale of hidden sin reveals the price that the human heart must pay for secret shame and guilt. --From the Publisher

You either love Hawthorne, or you don't

By Abigail

You either love Hawthorne, or you don't. Personally, I love some of his other works, but not particularly *The Scarlet Letter*. It's a slow (albeit) powerful story, but ultimately suffers at Hawthorne's hand due to the weightiness of each paragraph. That is, every action becomes entrenched in a plethora of detail and author interventions, that I sometimes forgot what I was even reading about in a particular scene.

On the other hand, *Young Goodman Brown* and *The Birthmark* are excellently told, as those works really needed that level of detail, the former being a mix between fantasy and horror, and the latter involving elements of science fiction.

An excellent text for high school or undergraduate students.

By B. Marold

This is a review of the Kindle Edition. For the price, this is an excellent commentary on the work, as well as the work itself, if you need to read it for a class. The analysis is detailed, chapter by chapter. It is almost too detailed if you are reading it in High School. What is surprising is that a work of new material is this inexpensive. It is a Dover Thrift edition and the original commentary was published over 20 years ago. At a college level, it may be all you need. At a graduate level, it is not enough. You will need to look to more contemporary works to find additional opinions. I picked it because I wanted to find a particular quote in the text, and not be weighed down by the huge "Complete Works for a Pittance" Kindle offering. Here, you get so much more, and not a lot of dross.

No page numbers

By Amazon customer

The book was fine except it did not have page numbers!?! When my daughter went to do her report and had to reference quotes she couldn't reference a page number.
