So, when you require guide quickly, you can directly obtain it. It's so simple therefore fats, isn't it? You need to choose to in this manner.

THE SOLITARY DRUID: WALKING THE PATH OF WISDOM AND SPIRIT BY ROBERT LEE ELLISON PDF

Ellison lays out the basics of Celtic Paganism in a scholarly yet accessible way. He supports each of his assertions about Druidic beliefs and practices with citations from ancient sources and from archeology, and lays it all out in an outline that allows students to get started immediately with a Druidic spirituality. Far from being duotheistic, the book gives advice for constructing your Druidic pantheon of worship based on the realities of the local land, and the spirits proper to each individual worshipper. From there, he presents a full system of Druidic ritual, as used in *Ár nDraíocht Féin*—about as far from a Wiccan form as one could get. It involves offering to the Gods & Spirits, divining their blessing, and then receiving that blessing. Ellison gives solitary rituals for each of the Celtic holy days (and for the solstices and equinoxes), as well as ideas for Druidic funeral and wedding rites. There is a section on spells and practical magic as well, and the book ends with a listing of every Druidic group and order of any size at all. This is a valuable resource—one of the very first books on Druidry drawn from a non-Wiccan, scholarly perspective, adapted to practical use.

A GOOD book, and I'm not a druid.

By Amazon Customer

I am a witch, not a druid, but I found several points of interest for myself in this book. He includes several very nice prayers for working with nature spirits, spirits of place, and the Fair Folk. He gives useful instructions for finding your local gods, the gods of local rivers and land features. He gives useful help on working with the Ancestors. These items are casually glossed over in many books on Wicca or Witchcraft, but not really explained, or given suggestions for.

The Basics In One Place

By Ian C

I don't know what book the first reviewer read, but he doesn't seem to have even vaguely grasped what The

Solitary Druid is about.

Ellison lays out the basics of Celtic Paganism in a scholarly yet accessible way. He supports each of his assertions about Druidic beliefs and practices with citations from ancient sources and from archeology, and lays it all out in an outline that allows students to get started immediately with a Druidic spirituality.

Far from being duotheistic, the book gives advice for constructing your Druidic pantheon of worship based on the realities of the local land, and the spirits proper to each individual worshipper.

From there, he presents a full system of Druidic ritual, as used in Ar nDraiocht Fein - about as far from a Wiccan form as one could get. It involves offering to the Gods & Spirits, divining their blessing, and then receiving that blessing. Ellison gives solitary rituals for each of the Celtic holy days (and for the solstices and equinoxes), as well as ideas for Druidic funderal and wedding rites.

There is a section on spells and practical magic as well, and the book ends with a listing of every Druidic group and order of any size at all.

This is a valuable resource - one of the very first books on Druidry drawn from a non-wiccan, scholarly perspective, adapted to practical use. Highly recommended.

All clear on the Salisbury Plain

By Michael E. Moriarty

I liked "Solitary Druid," I felt empowered to go ahead and work the path without asking permission from control freaks in robes. Speaking of control freaks in robes, the author goes a little too far with the idea that, of course eventually, you'll want to join a club and here's the contact information. I thought that was lame. Solitary path working is legitimate; if I ever decide to join a club, I'll go shopping for another book.
