Embrace what you find in the shadows, for only they can clear the sky.

For many moons, the warrior cats have lived in peace in their territories around the lake. But a dark shadow looms on the horizon, and the time has come for one young cat to shape his destiny—and the fate of all the warrior Clans.

Alderpaw, the son of the ThunderClan leader, Bramblestar, is eager to find his place in Clan life. When he begins having strange dreams—visions that can only have been sent by the warrior ancestors in StarClan—Bramblestar names him apprentice to the Clan's medicine cat. But the omens in Alderpaw's dreams will soon send him away from everything he has ever known on a quest to ensure the Clans' survival.

The warrior cat Clans have enjoyed many moons of peace and prosperity—but a dark season approaches, and those days will soon be over. Guided by a mysterious vision, the young apprentice Alderpaw of ThunderClan must go on a dangerous journey . . . a journey that may be the Clans' only hope.

I really loved this book

By Rhonda R.

Spoiler Alert:

I really loved this book. What a great way to start a new generation of Warriors under Bramblestar? Don't get me wrong, I loved Firestar. And I loved the Dawn of the Clans series as well. Different generations of cats all connected to each other one way or another. I've read the books from start to finish (The Sun Trail thru The Apprentice's Quest) in order of events on the timeline. And they each beautifully connect the cats to each other. And I have a feeling this new arc will do just that.

Alderpaw going on his quest to the Gorge to find SkyClan and only finding the rogues who ran out SkyClan, is just one part of it. I think the next part of the story in book 2 is going to involve the 2 kits Alderpaw and Needlepaw found. The rogues from the gorge are supposed to show up. And you know the Clans won't take that too lightly. And lastly, I have a feeling Hawkwing (SkyClan Deputy) will show up. He is supposed to have his own book that takes place just before the first book of this series. The third book being name The Shattered Sky tells me that it will involve the modern SkyClan cats. And I can't for all of them to be released.

I love these books and this one was just as good.

you guys are just THAT good..

By Frazzeldazzel

I am in College. I am literally an adult now and I am still hooked on the series I started reading in sixth grade. Wow, Erin Hunter(s)...you guys are just THAT good...I have to say honestly that when I heard that it was another one about a quest I thought "Oh no...not ANOTHER quest..." but you guys still made it original with so many plot twists...As the youngest in my family, I could relate so well to Alderpaw, He is definitely

a dynamic character with not only visible strengths, but clear weaknesses too, like always comparing himself with his sister, not being sure of himself, and not speaking up, which are all themes that I think younger people can really relate to. For those wanting to read this, if you haven't read any of the warriors books I definitely suggest starting at series one. I know they say you can really start with any of the warriors series, but you definitely get more out of it by reading all of it. Anyways, good book! quick read, I read it in about 3 hours, and keep writing, Hunters!

My daughter was hardly a reader before she found this ...

By aasterisk17

My daughter was hardly a reader before she found this series...she's read the entire series. I bought the first 6 novels as a set and she finished them in less than three days...I was floored because I just assumed she wasn't a reader. Since then, she is a lot more open-minded about books and now reads all the time. I'm forever grateful to Erin Hunter for jump-starting my 10 year old daughter's passion for reading :0)
