From the time that she was a little girl Skye has had her life planned out. She was going to be her own boss, marry the man of her dreams, have a few kids, and build a loving home. The only problem is that the man of her dreams is really a nightmare.

Have you ever had that one person you were so blinded by that you couldn't see them for who they really were? Well that's who Ian is to Skye. He is everything she ever wanted, but when his sins come to light will she see him in a way she never has before?

Just when it feels like her world is falling apart Cree walks in and turns her life upside down. He seems to know her better than those she's known for most of her life and has her changing her plans with each smile he aims at her.

Will she ride this new crazy wave with Cree or will she settle for what she thought she always wanted with Ian?

WOW

By Monique

This book was a wonderful read. Bianca and Cree love them. The other main characters in the book were funny and serious. To those that don't know this is a continuation of Shame on me. It based on Skye (Bianca) on her ups and downs in her life and how she met the love her life Cree. I like how you brought back the other characters in the book. Please don't be long on Ava story I'll be waiting. For those who are hesitating to buy this book, don't hesitate it is worth reading. It took me a day. Wonderful author will buy more.

Rockstar Romance

By danikat

I have had the first book in this series on my Kindle for a long time, and finally got around to reading it, and was pleased to see that this followup was already out. I really like rockstar romance books, so this was right up my alley. What was not up my alley was how immature the lead female character was, and the angst...sheesh..the angst. But I did love Cree, I liked the way the author wrote him. Overall, I would read another book from this author.

Life With A Rock Star

By Romance Luva

You know what? I really liked this story, and initially, I was all kinds of WTF is this sh#\$%? Real talk! I am an emotional reader, meaning, I take what I read to heart (while still maintaining a sense of reality that yeah, this is fiction). When I'm drawn to a character, I instantly care about them, and when another character does them dirty, and my favorite character allows it, I am on the other side of my Kindle going into orbit! Yup, this is one of those stories!

Skye and Ian are best friends. Skye has been in love with Ian since they were teenagers in junior high school, but Ian is douche. He uses Skye emotionally because he knows she'll always be there for him emotionally, and later on physically. And she allows it! This story starts off on a very frustrating note in this, but I'm telling you, it gets better!

Skye goes through college life allowing Ian to continue to manipulate her until one fateful meeting of a handsome up-and-coming rock star named Max (aka Cree). Cree is a rocker in every sense of the word—swagged out and tatted up. He takes an immediate liking to Skye, and she's flattered by the attention cause ol' dirty dog Ian sure ain't giving her none. AND HERE IS WHERE THE STORY SHIFTS. DRAMATICALLY!

When Skye has finally had enough of Ian's ish and dumped him, she does something impulsive and I-didn't-see-that-coming. How will she and Cree navigate this new life together? How will Skye adjust to life on the road as the ultimate rock star groupie? And how will she handle all the hoes that come with the job? This story is a very realistic portrayal of the rock star life and how relationships are sustained-or-not-when you're in love with a rocker. How will a rock star handle being tied to one woman? We get a first-hand account of it all, and it's eye-opening.

My only gripe about this story is all the multiple names for one character! Skye had so many, I could barely keep up. Cree started referring to her as Bianca after he discovered her middle name, and on more than one occasion, I found myself asking "Who the hell is Bianca?" All the band members had their own individual nicknames for her (Side note: I thought it was really cool how the author tells us how each band member earned their nicknames). Cree was first introduced as Max (His nickname origin had me like 0\_0). All in all, very good story. Click it up!
